Planning Consultations

2018/4-8

i. **To consider all planning applications**

Non in circulation

GW reported on the site meeting held at the Olds Portesham site for outline planning since the last meeting, Cllrs supported the application but noted that the height of the building should not increase from the proposed plans; these comments were submitted to WDDC as a consultee.

RD noted that LH has no objections to the new tree works applications in Langton Herring.

ii. **To consider any other planning/enforcement or ongoing issues**

The appeal statement from CBPC has been lodged for Whitmore Coppice.

Abbotsbury Cllrs commented on the Abbots walk application for a Greenhouse, the original application was for construction works so the PC objected on archaeological grounds but this is now not the case. The PC would like to support the application for the Greenhouse as there are to be no groundworks. Clerk to contact WDDC case officer.
