Notes for the November Meeting

At the November CBPC meeting it was agreed to set the precept (Income raised from Council Tax) at **£18661.88** this is the same figure as last year taking into account all the running costs and agreed projects of the Council. It was noted that the Parish Council are having to carry more of the costs usually carried by WDDC and DCC so in future years this may well have to be taken into consideration.

In the future the costs of Parish Council elections are likely to be re-charged to Parishes from 2019 and the DCC Highways/ROW teams are looking to make Service Level agreements (SLA) with Parish Councils to maintain footpaths at a cost of 40p per metre.

The Council submitted comments of **full support** for the (MIP) mobile mast at Abbotsbury.

The Council **objected** to the planning application for the development of land at Malthouse Meadows in its current state, due to the risks of flooding, volume of traffic and the potential issues of noise with the Village Hall and the proximity to the development.
